

Grab-N-Go Options

Combo Cart™ Plus (CMBPHD)

Insulated food transporter holds a combination of pans, sheet pans and pizza boxes with 4+ hours of safe temperature maintenance. Ideal for breakfast in the classroom delivery.

CamKiosk® Cart (KVC854)

Mobile, durable vending cart with insulated cabinets offers the utmost options in Grab-n-Go solutions. Ideal for day-to-day service that reduces cafeteria wait-times, with the ability to transition to special events vending.

Versa Work Table Ultra Series (VBRUT5)

Mobile solution with built-in storage provides flexible menu options from breakfast to lunch to snack service. Available Camchillers keep contents at safe temperatures without the need for ice. Ideal for breakfast or lunch beverage service.

Camcruiser® Vending Cart (CVC724)

Expand your operation, improve service and enhance your revenue generating opportunities using the sturdy, easy-to-clean and colorful Camcruiser vending carts. Ideal for breakfast programs and Grab-n-Go items.

Flex Station

Easy to configure for a variety of breakfast, lunch or snack offerings. Holds numerous combinations of food pans and boxes. Ideal for offering meals to students in virtually any location.

To discuss these solutions contact your local Cambro Representative.
