## Breakfast Cootie Catcher

### How to make your Breakfast Cootie Catcher:

1. Cut across the solid black line. 
2. Put the game picture-side down. You should see logos and dotted lines that will help guide you.
3. Fold one corner to the opposite corner, then repeat, so your folds make a large "X" along the dotted lines. 
4. Open the paper fully so the logos and dotted lines are face up, then fold each corner in to the middle. You'll see cow, cheese, milk, and yogurt squares in the center. 
5. Turn it over—you'll see questions and food pictures—and fold each corner in to the middle again. You'll now see numbers 1-8. 
6. Turn it over so the food pictures are face up, then fold the square in half. Two pictures should show on one side, and two pictures should show on the other. 
7. Put each thumb under a food picture square on the same side of the catcher. Repeat with your index fingers. Then press each thumb against each index finger and push up. Four food pictures should be showing at the top with the centers touching. You're now ready to play!

### How to play:

1. Pick one of the top four squares.
2. Spell out the object pictured as you move the colors back and forth (for example, COW: three letters, C-O-W, move three times) to open and close the game.
3. Pick a number from the inside.
4. Move the colors that many times.
5. Pick a new number, open the flap, and answer the question.
