

COLD-SELL® SYSTEMS

COLD/HOT MOBILE SERVING KIOSK

Patent Pending
©2018 Vision Marketing Group

Where you need it. When you need it.

Keep your cold serve offerings chilled without ice or electricity. Easy to move. Easy to use. Position frozen chill plates under the serving surface, place your product and you are all set to go. COLD-SELL Systems patented chill plates will keep foods and beverages cold throughout your serving process. And now you have the ability to serve *hot foods along side the chilled fare* for even more convenience. Give us a call today to find out more.

\$4,800.00 with Heating Element
\$4,200.00 without Heating Element
