

## Virtual Tour of a Michigan Dairy Processor

**Nov. 9, 2021**

### **Guernsey Farms Dairy**

Do you know where milk goes after it leaves the farm? Follow Milk Means More to Guernsey Farms Dairy for a 45-minute virtual tour. The interactive tour will start with the milk truck arriving at the processing plant after collecting milk from the farm that morning. Students will then see all the steps to prepare the milk for bottling or to become other dairy foods. Guernsey Farms Dairy even makes their own ice cream! Students will have an opportunity to ask questions throughout the tour.
