

Moolah for Schools 2023-2024 Application

Please review the Grant Overview before you begin. This application can take you up to an hour to complete.

You are ***strongly encouraged*** to prepare your grant submission details on paper and gather data before getting started on your district grant application. Download a PDF copy of the grant application for planning purposes.

NOTE: You will be asked for specific School Meal Program monthly data as part of your grant submission.

Please carefully complete all sections of the grant in entirety. Pay special attention to school information. Partial and/or incomplete applications will not be processed. **Please submit one application per school district. Application MUST be completed by Food Service Director.**

Application Information

United Dairy Industry of Michigan (UDIM) is proud to support Michigan schools by providing equipment and materials that will help meet school food service goals while increasing dairy consumption.

New for the 2023-2024 school year, this grant is built as a three (3) school-year commitment for UDIM to support your school district food service goals. Financial commitment is expected from both UDIM and your school district as you complete the application. If your application is approved, UDIM will support 50% of the school building equipment requested and approved, and it is expected that your school district will support the other 50% of equipment requests within three school years. You will be able to prioritize these requests based on your goals, and UDIM may partially approve grant applications. If you do not have extra funds to purchase equipment requested, UDIM will accept proposed fundraising opportunities, additional grant opportunities, etc to cover the cost to extend programming to other buildings in your district.

1. MDE School District Code (numbers only) *

This is your sponsor number. It is located in the Coordinated Application in NexSys through MDE. If you do not have access or know your school district code/sponsor number, please visit the [Education Entity Master \(EEM\)](#) and enter your school district in the search bar. The Agreement Number is the number this would match to.
